

SaltFest July 2021

Saltash u3a committee members ran a stand at the recent **SaltFest** event, held in the town on 31st July 2021. It was a successful and very well attended day, which was made all the more special as it followed the lifting of many of the recent restrictions that we have all found ourselves living under.

There was lots of interest with folk wanting to know what Saltash u3a was and what we could offer them. Many had never heard of it or us. We attracted plenty of attention with our newly acquired banner, bunting, leaflets and vibrant colour scheme, which extended to our smart new tabards!

The event gave us the opportunity to catch up with many of our existing members as well as spreading the word to many new faces.

Hopefully as a result we will have attracted 'new blood' to help us forge ahead with a renewed and positive attitude for the future, whatever it may hold.
